### AUTOS START TO ST. LOUIS TO-DAY

Five Hundred Machines Will Participate in Longest and Largest Organized Tour.

### ALL CITIES ARE REPRESENTED.

Routes to Be Marked by Liberal Sprinkling of Confetti, so That None May Be Lost—Not a Speed Contest.

REPUBLIC SPECIAL.  
New York, Aug. 24.—What is officially announced to be the longest and largest regularly organized automobile tour yet held anywhere in the world, will begin to move on St. Louis to-morrow from various parts of the country.

For this tour about 500 machines have been entered. Of the about 400 will approach the World's Fair City from the East, and 100 from the West. Each car will carry on an average of four persons, so that in all about 2,000 persons, many of whom will be women, will participate.

One of the novelties of the tour will be the marking of all the routes with confetti. From New York to St. Louis, for instance, there will be a trail of confetti 1,315 miles long. The object of this, of course, is to prevent any of the tourists from going astray. As an additional precaution, the routes will be carefully marked by signs and arrows.

It has been so arranged that no matter where the tourists start from, they will all meet in St. Louis on the evening of August 10.

The tourists from Boston will join the main route at Albany after passing through Worcester, Springfield and Pittsfield. The New England party will be headed by Mr. and Mrs. Charles J. Glidden, this tour being for them a link in the chain which they are pursuing, and in the course of which they will cover the entire globe. The automobile in which they will start from Boston has been used by them to travel 15,000 miles in sixteen European countries. They were the first to cross the Arctic circle in an automobile, that feat being accomplished last August, after they had driven 1,540 miles almost directly north through Sweden. Their present plan is to travel 40,000 miles more in their automobile.

THIRTY FROM NEW YORK.  
From this city about thirty machines will start to-morrow morning. They will meet in front of the house of the Automobile Club of America at Central Park. It is expected they will get off at 9 o'clock. The Automobile Club of America will provide an escort of fifty machines, most of which will accompany the tourists as far as Peekskill, where the first stop will be made for luncheon. A few of the escort will go on to the end of the first day's run at Poughkeepsie.

The American Automobile Association has been planning this tour for many months, and it is counted on to furnish a demonstration of the possibilities and pleasures of motoring. In no sense is it a contest of endurance run. An exact schedule will be made for each day's run that will be easy of accomplishment, and every effort will be made to impress on the participants the undesirability of driving their machines beyond ordinary speed.

### CLASH AT ZIEGLER SEEMS VERY NEAR

Leiter Preparing to Operate His Mines With Nonunion Labor.

### MEN FIGHT FOR PRINCIPLE.

Both Sides Maintain Military Vigilance, and Each Ready for Battle—Posse Armed With Magnate's Revolvers.

BY A STAFF CORRESPONDENT.  
Benton, Ill., July 24.—The next twenty-four hours may witness the first actual conflict in the bitter struggle now reaching its climax between Joseph Leiter and the United Mine Workers of America, represented by his former employees.

Both sides are resting on their arms to-night. An armed guard patrols Leiter's town of Ziegler, and two lines of sentries see to it that neither friend nor foe approaches without absolute identification. Five miles away, just outside the little village of Christopher, 100 miners, with their families, are living in a little city of tents, while a guard detail watches the women and children. The majority of the men are on duty at every avenue of entrance to Ziegler, prepared to turn back any possible nonunion man.

Christopher is really the center of interest, and if there is any trouble it is conceded that Christopher will be the scene of conflict. Here is where everyone must be by rail in order to reach Ziegler, and if an effort is made to import troops it seems probable that they will be brought by way of Christopher.

An undercurrent of excitement has been most noticeable through the usual Sunday quiet of the typical Southern Illinois town. Persistent rumor has it that Superintendent Whittier of Ziegler announced semi-officially last night that the miners would be opened for operation Monday morning and that they would be operated by nonunion miners.

To this is added the statement of union officials that they have positive information that a trainload of nonunion men left Birmingham, Ala., within the last forty-eight hours for Ziegler.

LEITER ARMS POSSE.  
With these two ideas to work from, both miners and citizens are preparing for any emergency. Sheriff George J. Stein, Sheriff of Franklin County, to-day completed the organization of a special posse of sixty Deputy Sheriffs, every one of whom is on duty to-night at Ziegler, armed with Winchester rifle and a 44-caliber Colt's revolver, furnished by Leiter.

In addition to this force are 125 special guards, received from Chicago and St. Louis, who are similarly armed, and are posted at the office and around the stockade, which, when completed, will encircle the mines.

Two lines of guards surround the city. The outposts are a half mile from the stockade, every one connected by telephone with the central station.

This afternoon the inner line was drawn in quite a distance and the guards are now within one hundred yards of the stockade, at two-hundred yard intervals.

A perfect military organization of the

Continued on Page Two.

### FOLK RECEIVES CORDIAL LETTERS

Messages of Congratulation Pour Into Headquarters of the Circuit Attorney.

### PREDICT SWEEPING VICTORY.

Persons of All Political Beliefs From Every State in the Union Felicitate Democratic Nominee.

The season of quiet which was expected at the Folk headquarters after the convention did not come.

Immediately after Mr. Folk was nominated a mass of letters and telegrams commenced to pour into the headquarters, and although several hundreds have been received, the rush seems to grow.

Letters and telegrams were received from all parts of the United States and from persons of all positions in life and of every shade of political belief.

One which gave Mr. Folk great pleasure, according to Mr. Woodside, was from the Mayor of the town in which he formerly lived, Brownsville, Tenn. It said that every man, woman and child in the town rejoiced in the victory of Brownsville's favorite son.

William J. Bryan wrote a letter showing the pleasure Mr. Folk's nomination had caused him, and offering to come to Missouri to help in the campaign, if needed.

Captain Richmond P. Hobson said: "Your speech of acceptance was fine with its knightly, definite and so-called resolve. Evidently you may well tremble."

Samuel Cupples and R. M. Scruggs sent a telegram which said: "We congratulate you and the people of Missouri on your nomination. We regard it as an endorsement by the people of the grand work you have been doing."

Colonel William E. Switzer, the Missouri historian, said: "I predict for you the greatest majority ever rolled up in the State."

Bird S. Coler, formerly Democratic candidate for Governor of New York, said: "You have won a good fight. Keep it up."

Many of the telegrams from all parts of the country are from persons unknown to those at Folk's headquarters, and each shows a deep and personal feeling of joy in the nomination of the Circuit Attorney. Most of the telegrams point to his nomination as a sign of better things and an omen of good for lovers of clean politics and good government.

Newspaper writers in all parts of the country who have met Mr. Folk sent telegrams of the heartiest congratulations. The editor of a Chicago paper wired that he regarded the nomination of Mr. Folk as hardly second in importance to the presidential nomination.

A gratifying feature of the messages is that many of them are from persons who were the most active in opposition to his candidacy, and each pledges the undivided support of the writer and prophesies victory.

EASY VICTORY PREDICTED.

### RUSSIANS SINK AN AMERICAN STEAMER, TRANSFERRING CREW TO ANOTHER SHIP

SWEET SPRINGS COTTAGE, WHERE SENATOR VEST LIES SICK

This house was built by Senator Vest early in his career. It had much to do with making Sweet Springs a fashionable resort. After fashion deserted the place the town gradually declined, but never lost its interest for Senator Vest.

### LOCAL LABOR UNION INDORSES STRIKE

Central Trades Body Adopts Resolution of Sympathy for Meat Cutters.

### INJUNCTION HEARING TO-DAY.

Packers Declare They Intend to Resume Work at the East Side Plants This Morning With a Large Force.

The Central Trades and Labor Union endorsed the strike of the meat packers at the regular meeting yesterday afternoon at Waihalla Hall.

The petition was read before the assembly, giving, in brief, the history of the strike and the conditions under which the butchers were working when the strike was declared. It asked for the endorsement of the central body, which means that if a sympathetic strike should be called they would have the support of the allied trades and labor organizations by virtue of their pledge to the central body.

Speeches were made regarding the stand taken by the packers in the classification of labor and wages. The motion to receive the communication and grant the request was unanimously adopted.

Quiet prevailed on the East Side yesterday among the strikers and at the National Stock Yards. It was stated that a number of men had arrived early yesterday morning, but this was denied by the strikers.

The strikers expect the order from Chicago this morning, which will call out the allied trades at the packing-houses. The East St. Louis strikers say that the allied trades employed at the three packing-houses will walk out on receipt of this order. The packers assert that not all will walk out, even though they are ordered out.

Charles T. Jones, general manager of the National Stock Yards, called a meeting of the stock yards employees at the Exchange building yesterday morning, as he wished to confer with them relative to taking their old places, if they would go back to work at once.

Mr. Jones was ready to confer with the men, but none put in an appearance.

MUCH INTEREST IS TAKEN IN THE PROBABLE outcome of the effort on the part of the strikers' attorneys to dissolve the injunction secured last week. The case will be heard by Judge Holder at Belleville to-day, unless a continuance is granted. Both sides will back up their arguments with masses of affidavits.

In dividing the strikers into squads of ten men, each squad with a captain, worked well yesterday. The men must report to their captains and the latter report to the union officials. In this way every man of the 4200 workers is accounted for daily. Those who fail to report to their captains will not receive any strike relief money.

Packers' officials yesterday said they intended the resumption of work this morning in the plants with the largest force of men since the strike has been called. They stated that they were getting men as fast as they could expect and they thought that they would have a full force at work soon.

The sausage-makers of East St. Louis gave a picnic yesterday afternoon and evening at Central Park. It was largely attended by union men and sympathizers of the strikers, and a large sum was realized, which will be turned over to the relief fund for the benefit of the strikers.

### SENATOR VEST IS CONSCIOUS, BUT SHOWS NO IMPROVEMENT

Takes Little Nourishment, and Members of His Family Fear to Leave His Cottage at Sweet Springs.

REPUBLIC SPECIAL.

Sweet Springs, Mo., July 24.—Former Senator George Graham Vest is gradually growing weaker, with very little hope of any improvement.

He is still conscious and takes little nourishment.

His son-in-law, George P. B. Jackson, returned to St. Louis to-night.

Mrs. Jackson and her brother will remain here indefinitely.

### SYMPATHETIC STRIKE WILL BEGIN AT CHICAGO TO-DAY; PACKERS EXPECT STRUGGLE

Teamsters Alone Will Continue to Work, Their Joint Council Having Refused to Ratify Resolution Favoring Aid to Butchers—Trainloads of Nonunion Men Are Hurried Into the Yards, to Be Ready for Long Siege Within Inclosure—Trouble Is Expected to Begin Promptly at 7 O'Clock This Morning.

### POLICE CHIEF SEES NO HOPE OF AVERTING A GREAT CLASH.

Chicago, July 24.—Determined on a fight to a finish to enforce the demands of the striking butchers, a sympathetic strike of all the union workmen employed in the meat-packing industry throughout the country, with the exception of the teamsters, will be declared to-morrow morning at 7 o'clock.

The joint council of the Teamsters' Union, at a meeting to-night, refused to sanction the decision of the packing-house teamsters to join the sympathetic strike to-morrow, an instead, appointed a committee to communicate with the packers in an effort to open peace negotiations. The sympathetic strike of the other unions employed at the yards will be called on schedule time, despite action of the teamsters.

### STRIKE BREAKER FIRES INTO CROWD

Negro Wounds Five Men While Defending Himself From Assault at St. Joseph.

St. Joseph, Mo., July 24.—Abe Kruse, a negro strike breaker, who was armed with a revolver, fired into a crowd of strikers near the packing plant of Swift & Co. to-day, and fired into a crowd of strikers, wounding five. They are: John Weigle, shot in abdomen; may die. John Jett, shot in body and legs. John Sanger, wounded in thigh and legs. August Newmeyer, shot in legs. Steve Finnigan, shot in legs.

Kruse was arrested. He fired but one shot. The weapon was a magazine shot-gun, loaded with buckshot.

The strikers say the negro passed inside the lines near the pickets, who at the time were discussing some alleged shooting by negro strike breakers at another part of the yards last night.

The negro, it is said, heard a part of the discussion as he passed the pickets, and turned to them with a warning of "don't you talk to me."

The witnesses state that he then passed fifty yards further inside the lines, mounted some steps at the receiving station, took aim at the group of pickets and fired, wounding the five men.

The terrible execution of the single shot is attributed to the fact that a Winchester gun was used with heavy shot, and that at the distance of the shot the charge scattered.

### BRYAN WILL NOT SPEAK AT CARTER HARRISON PICNIC.

Schrankman Has Engagements Which Will Prevent His Appearance—Will Appear in Missouri.

REPUBLIC SPECIAL.

Chicago, July 24.—William Jennings Bryan will not speak at the Harrison Democracy ratification picnic August 20. He arrived in Chicago to-day on his way from Albert Lea, Minn., to Delaware. He registered at the Sherman House.

"I shall do no political work," he said, "until after the Chautauque season. A return engagement will prevent my speaking at the Harrison picnic here next month. During the campaign I shall make stump speeches in Missouri and Nebraska."

Mr. Bryan said he had never felt better in his life. He expressed himself as pleased over the nomination of Joseph W. Folk for Governor on the Democratic ticket in Missouri.

Czar's Men Begin the Evacuation of Niuchwang After Losing Heavily in Two Days' Fight.

### VLADIVOSTOK FLEET SIGHTED.

Headed Southwest, After Passing Yokohama, Possibly Trying to Reach Port Arthur.

### RED SEA RAIDERS RECALLED.

Shots Fired at British Ship to Compel It to Stop—Hamburg-American Steamer Scandia Is Released.

Yokohama, July 25.—The Vladivostok squadron yesterday sunk the American steamer Knight Commander, from New York, off the Province of Izu, after transferring the crew of the Knight Commander to the steamer Tsinan, which arrived here this morning.

The Vladivostok squadron also captured a German vessel, believed to be the Arabia, with 30,000 barrels of flour, and an unknown British steamer. The two vessels were sent to Vladivostok in charge of prize crews. The American Trading Company are the agents here for the Knight Commander.

Tientsin, July 25.—In accordance with orders issued by General Kuro-patkin, the Russians commenced to evacuate Niuchwang yesterday (Sunday).

This morning the Russian railway station is in flames. The Russians are evidently destroying property previous to evacuation.

Tien-Tsin, July 24.—A battle is raging outside of Niuchwang. The fighting can be seen from the houseposts.

In the engagement of yesterday, when the Japanese were victorious, the Russian losses are reported to have been 700. The Japanese are slowly nearing Niuchwang. Great excitement prevailed in that city during today's and yesterday's fights.

It is reported that several Japanese transports have been seen in the vicinity of Yin-Kow. This, in conjunction with the fighting near Niuchwang and farther east, is taken to mean that Japan is determined to obtain a firm foothold in the northwestern part of the peninsula.

### VLADIVOSTOK FLEET SINKS MERCHANTMAN.

Tokio, July 24.—The Russian Vladivostok squadron has sunk the merchantman which it captured off the coast of Izu Province to-day.

Witnesses ashore saw the merchantman following the fleet. Then they saw her fired upon, after which she disappeared. The Russian warships were last reported, at 11 o'clock this morning, to the southwest of Cape Iro, Izu Province, steering to the west.

Cape Iro is about sixty-five miles southwest of Yokohama and about fifty miles from the entrance to the bay upon which Yokohama and Tokio are located. This course of the Russians suggests that they are trying to reach Port Arthur.

### GERMAN SHIP IS RELEASED

Port Said, July 24.—The Hamburg-American steamer Scandia has been released. The Russian crew which manned her has landed here and will proceed to Odessa by the next mail boat. The Scandia is awaiting orders from new owners.

### RUSSIA'S BACKDOWN IS COMPLETE

St. Petersburg, July 24.—Grand Duke Alexis presided at yesterday's council, which Count Lamdorff, the Foreign Secretary, and Vice Admiral Avellan, Chief of the Admiralty Department, and other high naval officers attended.

Orders were sent to the St. Petersburg and Smolensk to refrain from interference with foreign shipping. It is expected these steamers will eventually join the Baltic fleet and be replaced by ordinary warships.

### GERMAN STEAMER SEARCHED AND THEN FIRED UPON BY JAPANESE TORPEDO BOATS.

Chefoo, July 25, Noon.—The German steamer Chefoo, from Niuchwang, reports that at 2 o'clock this morning, when she was fifty miles from this port, she was stopped by four Japanese torpedo boats and searched. After being released she was fired on by rapid-fire guns.

## WORLD'S FAIR PROGRAMME FOR TO-DAY.

### SPECIAL EVENTS.

Porto Rico Day.

- 9:30 a. m.—Guard mount, Seventh Illinois, Administration quad.
- 9:30 a. m.—Band practice, Seventh Illinois Band, Administration quad.
- 9:30 a. m.—Morning security life insurance men, Congress Hall.
- 10:00 a. m.—Drill, Seventh Virginia Volunteers, Plaza St. Louis.
- 10:00 a. m.—Drill, Santa Costa Guards, Government Hill.
- 10:00 a. m.—Serving of coffee, Porto Rico Section, Agriculture bldg.
- 10:00 a. m.—Illustrated lecture and concert, Recital Hall.
- 10:00 a. m.—Drill, U. S. Marine Band, Govt. bldg.
- 10:00 a. m.—Concert, Twenty-sixth U. S. Inf. Band, Govt. bldg.
- 10:00 a. m.—Concert, Constabulary Band, Philippines.
